Registration for Investment Forum Class and Club

The Class and Club Registration process is basically the same as signing up for any other class, except you may search for 'Forum' instead of a class number and push 'Add to Cart' instead of 'Request Class' to sign up for the Investment Forum Club. Here are the steps:

Register for *Class* and *Club*
Go to OLLI-GMU website at https://olli.gmu.edu/.
Select "**Menu**" then '**Member Portal**'
Log in with your **OLLI** Username and Password
Click "**Register**" button in the center of the page
In the upper right corner search window enter "**Forum**" and Push "**GO**" button
In '**Course Number, The Investment Forum'** panel push **'Request Class'** button or "**Add to Cart**" button (if class assignment process completed)
The window should reopen and the panel will show **"Class Requested"** or "**In Cart**"
(If class assignment process period is in progress …) **Prioritize/rank-order desired classes** after all are requested. [Shouldn't **Investment Forum be #1** ??]
(If class assignment process period is finished …) Push the "**View Cart**" icon/button in the upper right corner and accept policies
(If class assignment process period is finished …) Push the **"Check Out"** icon/button in the upper right corner, then push the **"Check Out"** icon/button in the bottom left of the Shopping Cart page
If you search again for "**Forum**", the Class and Club **Forum panels** will show "**Enrolled**"
Close all. You will get email confirmation also.
